Why Choose Life's Abundance?

We noticed a HUGE difference in Tabby Town cats *within the first week* of feeding Life's Abundance ~ no more vomiting, no more diarrhea, the kitties' fur is silkier and their

colors are more vibrant! WOW!

You can avoid costly, unnecessary trips to the vet by feeding Life's Abundance food. And don't you want your kitty's love for years and years?

Your cat eats the same food every day. That is why carefully choosing a food

is so important to your cat's long-term health. Each ingredient in Life's Abundance food is carefully chosen to work with all the others to provide your cat with a wholesome, highly-nutritious and perfectly-balanced meal every day, every year ... And you'll be taking fewer and fewer trips to the vet's office!

Your kitty should also eat Instinctive Choice canned food. As a rule, cats don't drink enough, and this will help provide the water they need. And it's made from organic chicken, turkey,

liver and shrimp, for under \$1 a can!

Life's Abundance also has wonderful dog food and awesome treats for dogs and cats. Since they use only wholesome ingredients, there are:

- No artificial flavors
- No artificial colors
- No corn or corn gluten
- No wheat or wheat gluten

The parent company, Trilogy, offers healthy products not only for our pets, but for people and the planet. Take a few minutes and see what's available. Try the shampoo, the supplements, the deodorizer.

Any specific questions about your special dog or cat? The company has people available to help. You can even talk directly with Dr. Jane Bicks, a highly respected and nationally recognized holistic veterinarian and creator of Life's Abundance food. Where else would you find that?
