minerals, and antioxidants to help contribute to a healthy daily diet. Contains no artificial flavors, colors, sugars, or chemical preservatives.

Instinctive Choice Premium Canned Food is formulated to provide your cat with a meal that is similar in nutrition and moisture to how a feline would feed in the wild. Instinct is king with cats and they will purr over this protein rich food, which contains organic chicken, turkey, chicken liver and shrimp. We also added a little bit of grass, which contains many nutrients that help support a healthy urinary tract. Why should you choose Instinctive Choice for your cat? It's not only what's IN Instinctive Choice that makes it the ultimate canned cat food, it's what's NOT in it!

Life's Abundance Gourmet Cat Treats For Healthy Skin & Coat: 4 oz bag

**Your Price: \$7.25**

Our new Life's Abundance Gourmet Cat Treats For Healthy Skin & Coat helps to address skin and coat health in different and important ways. Because healthy skin is much more likely to produce strong, luxurious hair, it is vital to nourish the skin. We've included omega-3 fatty acids in this premium formula to help

discourage the skin from drying out. The vitamin E in this formula helps to maintain skin elasticity. Vitamin C helps the body to produce collagen, which is the major component of skin. The chicken, herring and chicken liver meals in this formula supply your kitty with the high-quality proteins vital for a healthy coat. Protein is necessary for the growth and maintenance of a strong, resilient coat. Dr. Jane believes that a stronger coat will result in less hair being swallowed during normal grooming. The feline-friendly nuggets and savory flavor are appealing to even the most finicky of cats, so order your Life's Abundance Gourmet Cat Treats today!
