

Good morning!

My name is Nina Czerwinski and my fiancé, roommate, and I recently met with your crew in La Crosse, WI @ Petco and adopted “Lilly” or as she is now known “Irie”. I thought I

would write to keep you updated and also to send you pictures of our family.

Irie has adjusted quite well. She wasn't too sure at first about our dog Zoe, but now has no problem whatsoever. I am sure soon they will be playing just like Zoe does with our other cat, Lucy. She is also quite the climber! She loves our screened in front porch and her and Lucy lounge all day with an occasional climb to the top of the screen.

This is her with her bright eyes watching the bird feeder from the window.

Lucy immediately became momma cat and has been cleaning and playing with her ever since we got Irie home. I can never get enough of the kitty kisses!

Irie also enjoys sleeping on our record player. We're a very musical bunch so this was definitely a sign that she was the perfect choice.

That first Monday she even wanted to come to work with me. 😊

**Thanks again for such a wonderful kitty.
We could not be happier with how things turned out.**

Sincerely,

Nina Czerwinski
